

Parker Compumotor – Rotary & Linear Servo Motors, Frameless motors, Servo Drives & Drive/Controllers, Stepper Drives & Drive/Controllers, Multi-Axis Servo/Stepper Controllers, Planetary Gear Reducers (Inline & Right-Angle), Gearmotors

Parker Daedal – Screw Driven Linear Tables, Belt Driven Linear Modules, Linear Servo Motor Tables, Electric Rod Cylinders, Electric Rodless Actuators, Belt Driven Actuators Manual Driven Stages, XYZ Robotic Gantry Systems, Multi-Axis Systems

Parker CTC – Industrial HMI's and PC's, Soft PLC's, I/O Modules, Industrial Monitors, Operator Interfaces

Parker IPS – Structural Aluminum, Linear Motion Extrusions, Safety Guarding and Enclosures, Aluminum Profile Systems

ACS Motion Control – Multi-Axis Servo/Stepper Controllers, Panel and Rack Mounted Controllers, PC-Based Controllers

Advantech – Industrial PC's, Panel Computers, Touch Panel PC's, Industrial Flat Panel Monitors, Industrial HMI's

Alpha Wittenstein – Planetary Gear Reducers (Inline & Right-Angle), Zero-Backlash Servo Couplings

Cognex/DVT – Machine Vision Sensors, Hand-held Readers, 2D Data Matrix Readers, Lighting, Lenses

Copley Controls – Digital Brushless Servo Drives and Controllers, Commercial and Ruggedized Platforms for user and OEM Applications

Empire Magnetics – Custom Servo & Stepper Motors, Vacuum Rated, Waterproof, Extended Temperatures, Hazardous & Cryogenic

Exlar – Linear and Rotary Actuators, Roller Screw Actuators, Component Roller Screws

Heidenhain – Linear Encoders (Glass & Tape-Scale), Rotary Encoders, Digital Readouts, Length Gauges

Kuroda – Precision Ground, Rolled, and Custom Ball Screws, Linear Guide and Ball Screw Integrated Actuators

Lin Engineering – Stepper Motors, Custom Stepper Motors, Integral Stepper motor/drive

Navitar – Machine Vision Lens, High Magnification Imaging Optics, Large Format Lenses

NB – Linear Bearings, Square Rail Bearings, Round Rail Bearings, Linear Actuators

Newall – Incremental & Absolute Linear Encoders, Digital Readouts, Laser-Scales, Gauging

Brooks PreciseFlex – Collaborative Robots, SCARA Robot, 6-Axis Robot, Cartesian Robot

Primatics – Standard Precision Linear and Rotary Positioning Stages, Custom Stage Designs, Integrated Single and Multi-Axis Stepper and Servo Motion Controllers

Renishaw – Linear Encoders (Magnetic & Optical), Rotary Encoders

Novanta IMS – Integrated Stepper Motor/Drive products, Linear Actuators, Gearmotors, Stand-alone and PCB-based Drives and Controls, specialty motors

SCHUNK – Grippers (Parallel, Angular, Centric, Magnetic, Adhesive), Rotary Actuators, Linear Modules

WAGO – Terminal Block with Push-in CAGE CLAMP®, Modular I/O System
